## WEEKLY WEATHER BULLETIN.

For the Week Ending July 14, 1906.

Honolulu, T. H., July 16, 1906.

### GENERAL SUMMARY.

The following was the platform adopted at the Twelfth Annual Lake Mohonk Conference on International Arbitration, May, 1906:

"The members of this Conference call attention, with great satisfaction, to the steady progress which the world is making in the promotion of international arbitration.

"They place on record their appreciation of the character and services of John Hay, the late Secretary of State, and acknowledge that to him lasting gratitude is due for the foresight, firmness and wisdom with which, in his official station, he upheld the principles which this Conference has advocated.

"They have heard with gratification that in many of the leading Colleges and Universities of this country, the undergraduate students have been led to the study of methods by which justice may be secured among nations without resort to war.

"This Conference has welcomed to its proceedings the representatives of fifty Chambers of Commerce, Boards of Trade, and other commercial organizations, and it urges upon them and other like institutions not now represented here to consider and act upon the measures which are from time to time proposed for the promotion of peace.

"This Conference regards the approaching assembling of a Pan-American Congress in Rio Janeiro as likely to promote mutual understanding and consequent good-will among the States of North, Central and South America. "At the present time it is important that public attention should be concentrated upon the second Hague Conference soon to be assembled. We hope and believe that the beneficial results of the former Conference will be equaled and perhaps surpassed by further deliberations, in the land of Grattius, upon the principles of international law and the best methods for the Pacific settlement of international difficulties.

"Especially we hope that the Second Hague Conference will elaborate and propose a plan by which like Conferences may be held at stated periods and that in the intervals appropriate offices may be maintained at The Hague, so that these Conferences may become a permanent and recognized advisory Congress of the Nations.

"A general Arbitration Treaty to be formulated by The Hague Conference is most desirable and will doubtless be accepted by all or nearly all of the countries represented in the Conference.

"Among other subjects of immediate importance the many unsettled questions arising out of maritime warfare, including the exemption of private property from seizure at sea, are respectfully commended to the consideration of The Hague Conference.

"As the general restriction of armaments can only be secured by concurrent international action, as unanimously recommended by the British House of Commons, we earnestly hope that this subject will receive careful and favorable consideration.

"While we shall welcome any action taken by the coming Hague Conference in the way of clearly defining the rights and obligations of belligerents as to each other and as to neutrals, of lessening the horrors of war, and of giving increased stability and protection to the Red Cross movement; it is our hope that the Conference will remember that it is consecrated to the great work of ending as well as softening war, and of subjecting the relations of Nations to the dominion of law rather than force."

### MAY LIBEL LA PALOMA

An extraordinary and unpleasant state of affairs has arisen out of the trans-Pacific yacht race and one which is not likely to redound very considerably to the credit of the territory from a sporting standpoint.

When \$2500 from the fund subscribed to send the delegates to Washington was turned over by the Promotion Committee to the Hawaii Yacht Club it was figured out that this amount could be made to meet the expenses of the race, provided the most rigid economy was practiced. It was expected that La Paloma would not be more than five days in San Francisco.

The Hawaiian representative had a rough trip up, however, and her overhauling and keep of the crew during the postponement of the race proved to be a very serious item of expenditure which had been entirely unanticipated in the original estimate of expenses.

The total expense of the race to Honolulu amounts to \$3325 and against this only \$2500 has been forthcoming. The balance of \$825 was contracted by La Paloma while waiting for the race to start, about \$300 being for repairs and the balance for the wages of the crew. How these bills are to be footed is a problem. The Hawaii Yacht Club has no money, neither has the Promotion Committee.

The crew of La Paloma are clamoring for their money and it is expected that unless their wages are forthcoming the yacht will be ill-used, which will be exceedingly rough on Clarence Macfarlane.

The Promotion Committee will, it is said, hand over \$200 to the Hawaii Yacht Club to help them out of their difficulty, that body having promised to contribute that amount to the purchasing of a cup for the race.
